

School Council Spring Term 2017

This term, we are keeping our focus on trying to save our lollipop man John.

The council are making big budget cuts and sadly, these will involve cutting the jobs of many of the school crossing patrols employed, including John who is based near the Lemington Centre.

The school council have come up with lots of ideas and have shared these in assemblies, and all classes have been involved in different ways.

So far we have:-

- Written a rap
- Written letters to the council
- Made posters for information and protest
- Used the computers and ipads to draw road safety pictures
- Researched road accidents that involve children
- Invited Catherine McKinnell our MP into school, which she will hopefully do soon.
- Carried out traffic surveys
- John has been in to visit us in assembly to keep us up-to-date

Every child in school has signed a big fabric lollipop man which we hope to display somewhere or give to our local councillor to present to the council for us.

There is a petition at the office set up by the Lemington Centre, which we hope lots of people will call in and sign.

We'll be posting lots of our activities soon.

If you have any more ideas, please let us know.
