### **What do we do well as a school?**

Teachers are fair and patient and make children feel comfortable to be them self at school  
You all look after the kids brilliant, never had any problems and both my girls love coming to school , Also all trips that the school does free of charge is amazing and really helpful to all us struggling parents.

You always make sure that the children are happy and support is there for both children and parents. I think it's also fantastic that every morning the headteacher and other members of staff are there to welcome the children. The curriculum is good and all the staff always go the extra mile. The trips you provide are great and \_\_\_\_ always come home full of excitement.

Good teachers really helpful school if you have problems with children or anything else have patience and care with our children support children who struggle and get the best possible help of needed and give our children the best education to help them going in to high school Listen to parents concerns and tries to help as much as possible

U r so well with both \_\_\_\_ and \_\_\_\_u make sure they r safe and happy and welcome them in and do your best for me and the kids:)

Very inclusive, great communication and listen to what parents say

Everything the school has improved so much since Mr Heeley took over as head teacher kids all seem much happier and enjoy going to school

Always thinking of new way of learning for all the kids even the kids that need some more help then others.

Well since \_\_\_\_ started she has came on brillant and am getting help with her behaviour a think this school is excellent x

Your brilliant with all the kids especially SEN kids :)

Teach the children amazingly

Excellent staff who actually care about their pupils and an amazing head teacher

Everything I love how much the school has come on

Making everyone feel like one big family

An amazing school, with a fantastic head teacher. Free uniform bundles, free trips at times that are extremely difficult for a lot of families is a massive relief for most. The time teachers spend with the children and the fun way of learning is just second to none.

Everything. I love how the head teacher knows every child's name and goes out of his way to say hello to all the parents as well as the children. All the teachers are so welcoming

Making pupils your number one priority! Every child is treated the same whatever their differences are.. all the staff go above and beyond, from the littlest jester's to the big ones, this school takes the strain off everyday life for families that find themselves in hard times, from making sure there is breakfast for every child in the morning, helping with school uniforms, and paying for trips for the kids to enjoy.. its a brilliant school and I'm so happy my kids are lucky enough to attend this school. Every member of staff is a credit to Lemington Riverside.

All the staff are fantastic and offer support, encouragement daily. Communication with parents is and being able to chat about any concerns etc and being listened to is great. \_\_\_ has lots of fun at school and feels safe so that's always lovely to hear.

Everything is well

Go above and beyond for each individual child and support the whole family.

Good wrap around facilities and good study plan for students which is communicated ahead of the term.

Learning is fun for the kids.

Putting children's well-being first.

Everything always happy smiling teachers amazing kind caring and an absolutely incredible school

Puts wellbeing at the heart of everything.

Seriousness put in teaching

Encourage and reward punctuality, reward academic achievements with a system (house points) that keeps pupils engaged and motivated to push themselves. Provide one to one bespoke support to parents and pupils, as required, and demonstrate a flexibility, when issues are being addressed. Communication with parents and pupils is outstanding. Provide an excellent programme of outdoor activities such as; day trips, residential sleepovers etc.

Provide pupils with an in-school environment for support, such as 'Thrive'. Aim to support families as much as you can, via initiatives such as; school uniform, food parcels, vouchers etc. In my opinion, LRPS is a fantastic school with excellent staff members and structure - a massive positive overhaul in the last few years and it's been fantastic to see the improvements being delivered.

Brilliant communication with parents and keeping us up to date with newsletters.

Good learning for children and good reward system especially the pizza Friday is a good thing and it encourages good time keeping

Everything

## What could we do better as a school?

Nothing

Nothing

More activity's for friendship making

There is nothing at all I can think of .

I don't think at the moment anything could be done differently. All staff always put in 110% and it's such a friendly, relaxing environment

Help more SEN kids in the school

Nothing you are perfect

Just continue to build on what you are doing

I think all the improvements what the school needed as in teacher changes school trips kids reward scheme and school interior changes have all been made

A wouldn't change nothing about this school

You're doing everything amazingly

Nothing I could think of

Maybe more after school clubs and more homework

More school trips

To be honest, not a great deal. I don't see it first hand, but \_\_\_\_\_ sometimes criticises the school meals. Not very often, but sometimes not a lot to choose from that she likes. Other than that, a great job by all of the staff at the school.

Nothing! You are doing amazing

Absolutely nothing..

As \_\_\_\_ really dislikes most English work and writing but loves maths, I feel that the homework menus could include something involving maths that would engage him more. I also think more homework would be beneficial as myself and other parents have noticed how few homework menus there seemed to be last year. Apart from this I can't think of any other faults with the school or work that the children do so keep up the amazing work!

Everything is good

Maybe have the school lunch menu on the Facebook page so it's easier to see! The school is fabulous and that's the only thing I could think of!

Continue the wraparound service.

Satisfied with the care and education.

More activities for parents to meet up

I don't think there is anything better u can do I think you are all absolutely incredibly amazing teachers and school if there was a star of the week for the teachers it would have to be every teacher in the school as your all stars ★

It's my opinion, If school maintain a diary writing tradition so daily basis that is checked by their teacher, it can help them to understand students feelings.

Give learners daily/weekly task to complete online.

I don't know exact pupil numbers, but it's a pity there is only one class per year group (I think)? I believe having two classes per year group could benefit some pupils who are maybe not integrating with a certain classroom dynamic, and it could prevent parents from moving their children to other schools. I appreciate the number of classes is determined by number of pupils, so my comments is purely and observation and not a criticism. I have really struggled to find anything I believe you could do better, other than possibly reviewing pupils' reading

records more frequently as I know how this can be important to certain pupils. Again, not a criticism as I think LRPS is a fantastic school! 😊👏  
Nothing comes to mind. Everything spot on.
