

Lemington Riverside Primary School

Curriculum Intent

We are a small, popular school in the heart of Lemington that is built upon the solid foundations of our parents and community. We strongly believe that we equip our children, regardless of their background, with the necessary tools to succeed in our forever changing society. Our school community has high aspirations and expectations for the children we serve.

We aim to develop resilient, confident and critical learners who have the skills for lifelong success and happiness. We believe that children should be exposed to rich creative experiences which celebrate diversity and develop cultural awareness. We promote their spiritual, moral, cultural, mental and physical development in order to best prepare our pupils for the opportunities, responsibilities and experiences of later life. We aim to nurture and foster the kindness and empathy our pupils will need as fulfilled, responsible and educated citizens of the world.

The following drivers are at the heart of our broad and balanced curriculum:

#WeAre**Lemington**

#WeAre**Collaborative**

#WeAre**Global**

#WeAre**Ambitious**

#WeAre**Resilient**

#WeAre**Lemington**

Through our bespoke curriculum, we strive that our children will leave Lemington Riverside Primary School with a strong sense of identity. We strongly believe that every child at our school should experience the full cultural offer of the magnificent North East region in which we live.

#WeAre**Ambitious**

We want children at Lemington Riverside to progress to secondary school as determined, motivated and adaptable learners. Alongside the skills that our curriculum provides, we wish to instil an enduring sense of ambition and self-worth that will continue to serve them in their adult life.

#WeAre**Collaborative**

Alongside their own sense of self-motivation, the children in our care will learn the importance of working as a collective. We prepare our children to respect the integral values of both our school and society; we wish that children become effective communicators, maintaining respect for the opinions of others alongside having the confidence to challenge issues that they perceive to be unjust.

#WeAre**Resilient**

As an entity, our children, staff and community are driven to create an atmosphere of resilience. Children are taught to embrace challenges both in and out of school, alongside approaching problems with a positive and rational mentality.

#WeAre**Global**

As well as our local community, children must be taught the values of our global community and to recognise that 'the world is their oyster'. Pupils must recognise the endless potential and opportunity that their education and future occupation could offer them.
