# **Governing Body Delegation Planner**

### Governing Body of Lemington Riverside Primary School

### Maintained Governing Body Delegation Planner 2018-2019

Governing bodies are accountable in law for all major decisions about the school and its future. However, this does not mean that they are required to carry out all the work themselves. Many of the tasks can and should be delegated to individuals and committees. It is vital that the decision to delegate a task/responsibility to an individual is made by the full governing body and recorded – without such a formula, the individual/committee has no power to act.

The table below sets out the major areas of responsibility for governing bodies and who they can delegate each task to; it also records where the NGA does not think that, even if a task/responsibility can be delegated, this would be good practice.

This planner shows to which level the governing body may legally delegate functions. Please note that the decision planner does not apply to academy governing bodies.

## The highlighted levels in the planner indicate the decisions agreed by the GB.

Level 1: Full governing body

Level 2: A committee of the governing body

Level 3: An individual governor

Level 4: Headteacher.

**Blue box** Function **cannot** be legally carried out at this level.

✓ Action could be undertaken by this level.

Although legally possible to delegate to this level, the NGA would not recommend it. Significant decisions, monitoring and evaluation are best undertaken by the governing body or a committee with delegated authority, not by individuals. As long as it is line with the regulations governing bodies are free to decide for themselves.

There is also space for notes relevant to your governing body – for example, you should specify which committee or individual a particular task will be delegated to.

- The governing body is responsible for the strategic direction of the school
- Committees can be given delegated authority to make decisions, monitor, evaluate and review particular plans, policies and targets. The head and staff play the major role in formulating plans, policies and targets to bring to committees or to the governing body for discussion prior to adoption by the full governing body.
- The head is responsible for internal organisation, management and control of the school and is accountable to the governing body.
- Although decisions may be delegated, the governing body as a whole remains responsible for any decision made under delegation.

#### Notes

- 1. In some schools, particularly larger ones, it may be appropriate to delegate deciding pay discretions to the headteacher. However, in this case it is a good idea for the governing body to quality assure the decisions made, for example by spot checking a selection.
- 2. Regulation 18 of the School Governance (Roles, Procedures and Allowances) (England)
  Regulations 2013 permits the governing body to delegate any of its functions, subject to the restrictions listed in Regulation 19. Academy conversion is not included on this list and the Academies Act 2010 explicitly restricts the functions of the discontinuance of schools provisions in the Education and Inspections Act 2006. Therefore legally the Regulations permit delegation of the decision to convert to an academy. However, it would be bad practice for any decision affecting the future of the school to be decided by anything other than the full governing body. Furthermore, it is unlikely that the Department for Education would accept an application to convert which had not been signed off by the full governing body.
- 3. Set out in the School Food Regulations which came into force on 1 January 2015.
