

**GOVERNOR PROFILE
JEAN FISHER**

Who am I and how long have I been on the Governing Body?

Hello. I'm Jean Fisher and I have been on the Governing Body since January 2007.

Why did I decide to join the Governing Body?

A friend suggested that I apply to the Local authority to be considered as a Local Authority governor. Having a teaching background in Chemistry I thought I might be able to contribute some expertise! The choice of a Primary school was because it was different from my experience in Secondary education. I have no regrets about joining the Governing Body of Lemington Riverside Primary School!

What Governing Body committees do I serve on?

I serve on the Head Teacher's Performance Review Committee, The Personnel Committee, the Curriculum and Standards Committee and the Governor Mark Working Party.

What other school activities have I been involved in?

I have taken part in many school activities. I have joined parents and children in Christmas PACT sessions, helped with school visits to Saltwell Park and Whitehouse Farm and accompanied children to the Civic Centre where they made a presentation on Lemington's heritage.
