

Covid-19 Catch-Up Strategy Statement: Lemington Riverside Primary School 2022-2023

1. Summary information			
School	Lemington Riverside Primary School		
Academic Year	2022-2023	Total Covid Catch Up Budget (Based on 152 pupils)	£14,742
		Additional Pupil Premium funding allocated to this strategy.	0
2. Issue caused by Covid & strategy identified			
<p>a) Issue identified/intent: Children in the Early Years Foundation Stage have missed key socialisation opportunities, we need to give all children in Reception the opportunity to catch up on missed opportunities from their time in Nursery/pre-School. Implementation: Additional tutoring to be offered by EYFS team x 1 hour per week for the Autumn, Spring and Summer terms focusing on speaking & listening and social skills for all Reception children. We will encourage high levels of engagement from families by offering an incentive for all children to attend (free book bundle for each child who attends all sessions). Impact: The % of Reception children making accelerated progress from starting points will increase. GLD will move closer to pre-pandemic average. Budgeted cost: Additional tutoring costs for staff (1 x teacher and for three terms, £1,375). Incentives for each child to attend x 5 half terms, £1,150). Light evening snack at each session @ £1 per child x 25 hourly sessions = £575). TOTAL: £3,100</p>			
<p>b) Issue identified/intent: Children in the Years 1-6 have missed significant key learning in English (including Early Reading and Phonics) and mathematics. The intention is to provide high-quality after-school tutoring for all children. Implementation: Additional tutoring to be offered by Qualified Teachers employed at Lemington Riverside x 1 hour per week for the Autumn, Spring and Summer terms focusing on reading and mathematical skills. We will encourage high levels of engagement from families by offering an incentive for all children to attend (Takeaway feast in the final session for all children who have attended all sessions). Impact: Children in these year groups will make accelerated progress, with ARE % moving closer to pre-pandemic national averages. Budgeted cost: Additional tutoring costs for staff (6 x teachers for three terms (25 hours of Tuition), £3,750). Incentives for each child to attend x 5 half terms, £6,000). Light evening snack at each session @ £1 per child x 25 hourly sessions = £3000). TOTAL: £11,642</p>			
TOTAL AMOUNT: £14,742
